

## *Cover letter*

**A**s a Software Engineer (Frontend and Backend) who thrives on creativity and precision, I'm excited to express my interest in contributing to your team. I specialize in crafting scalable, user-focused web and mobile applications that don't just function flawlessly, they engage, inspire, and solve real-world problems.

My experience spans several dynamic organizations including AsyncTech, Femtech Training Institute, Integrated Software Data Services (ISDS), and Westshore Solutions, where I've worked across roles as a Frontend, Fullstack, and Mobile Developer. My technical toolkit includes React.js, Next.js, React Native, Flutter, Node.js, NestJS, GraphQL, and TailwindCSS, among others. These experiences have shaped me into a versatile engineer who can move seamlessly between design and development, transforming ideas into polished, high-performing digital products.

Beyond technical skills, what defines me most is my creative problem-solving mindset. Whether I'm designing interactive 3D interfaces, refining a mobile experience, or optimizing backend logic, I approach every project with a commitment to innovation, usability, and lasting impact. I believe great software doesn't just work, it communicates, inspires, and adapts.

I'm eager to bring this energy, versatility, and forward-thinking approach to your organization. I would love the opportunity to discuss how my skills and experience can help achieve your goals.

I look forward to hearing from you soon.

## Hanafi Taofiq

### SOFTWARE ENGINEER

Creative and versatile Fullstack Web and Mobile Developer with 8+ years of experience designing and building user-centered applications using React.js, React Native, Flutter, Node.js, and NestJS. Skilled in bridging design and functionality to deliver high-performing software solutions for diverse industries.

### EDUCATIONAL BACKGROUND

#### BACHELOR OF EDUCATION

Ahmadu Bello University Zaria, Kaduna State

2016 - 2022

#### DIPLOMA CERTIFICATE

College of Arabic and Islamic Legal Studies Ilorin,  
Kwara State

2013 - 2015

#### SENIOR SECONDARY SCHOOL CERTIFICATE

Asa Local Gov't Sec. School Budo Tuntun

2008 - 2013

#### PRIMARY SCHOOL CERTIFICATE

Iqra Nur/pri School Ilorin, Kwara State

2000 - 2006

### CERTIFICATIONS

#### NATIONAL YOUTH SERVICE CORP(NYSC)

Airforce Comprehensive School Uyo

2023

#### ANDROID APPLICATION DEVELOPER

GREAT LEARNING online program

Mar., 2021

#### JAVA PROGRAMMING

GREAT LEARNING online program

Mar., 2021

#### HTML & CSS

TEMPLATE MONSTER online program

Nov., 2019

### SKILLS

**Frontend:** React.js, Next.js, Flutter, TailwindCSS

**Backend:** Node.js, NestJS, Express, GraphQL

**Databases:** MongoDB, PostgreSQL, MySQL, Firebase, Convex, Supabase

**Tools:** Git, VS Code, Postman, Android Studio

**3D & Animation:** Three.js, GSAP, Framer Motion

## WORKS WITH

---

### ■ Westshore Solutions - Mobile App Developer(Remote)

September 2023

- Developed and maintained core mobile application features using React Native and Flutter, ensuring smooth performance and responsive UI across Android and iOS devices.
- Integrated RESTful APIs and optimized network calls for faster data synchronization and efficient state management.
- Implemented secure user authentication and session handling, improving app reliability and user trust.
- Collaborated with designers and backend engineers to deliver pixel-perfect interfaces and seamless user experiences aligned with product goals.

### ■ Femtech Training instiute - Instructor/Software Engineer

July 2019 - 2023

- Delivered comprehensive web and mobile development training to students, covering modern frameworks such as React.js, React Native, and Node.js.
- Developed and maintained hands-on coding exercises and real-world projects to enhance student learning and practical experience.
- Collaborated with the development team to build and improve in-house software solutions

### ■ Async Tech - Frontend Mobile/Web App developer (Remote)

June 2016 - 2019

- Built and maintained cross-platform apps using React Native and Flutter, improving performance and UX.
- Integrated RESTful and GraphQL APIs with optimized data fetching..
- Collaborated with UI/UX designers to translate mockups into responsive, maintainable codebases.
